

## COURTESY TICKET

Your vehicle is currently blocking an electric vehicle charging space.

Section 388.1 of the Highway Safety Code:

Only electric road vehicles and plug-in hybrid road vehicles may stop in a space reserved for recharging electric vehicles. However, they may stop in such a space only when they are plugged into a charging station.

In addition to public highways, this section applies on private roads open to public vehicular traffic and on land occupied by shopping centres or other land where public traffic is allowed.

The sole purpose of this courtesy ticket, which is preferable to the next one you might get, is to help you avoid a fine of between \$100 and \$200 as stipulated in the current legislation.
